

Benefit from Telescope Health

Supporting the health and well-being of your employees and their dependents.

Together we do this by providing on-demand access to board-certified emergency and family physicians. From self-funded plans to large employer groups, we are here to help your employees navigate their health journey.

How do we help?

Our care navigation team is available night and day to provide wrap-around care coverage. Saving you time and money while providing your employees the care they need.

- See a virtual provider anytime from your phone or computer
- Get prescriptions filled electronically
- Receive guidance for serious conditions and specialty referrals
- Find care and price navigation to local providers and facilities
- Arrange testing or diagnostic services
